

Savage Garden, So Beautiful

So beautiful lyrics

By Darren Hayes of savage garden

Whether I'm right wrong
There's no phrase that hits
Like an ocean needs the sand
Or a dirty old shoe that fits
And if all the world was perfect
I would only ever want to see you scars
You know they can have their universe
We'll be in the dirt designing stars

And darlin' you know
You make me feel so beautiful
Nowhere else in the world I wanna be
You make feel so beautiful

Whether I'm up or down
There's no crowd to please
I'm like a faith without a clause to believe in it
And if all the world was smiling
I would only ever want to see you frown
You know they can sail away in sunsets
We'll be right here stranded on the ground
Just happy to be found

You make me feel so beautiful
Nowhere else in the world I wanna be
You make feel so beautiful

I have lost my illusions
I have drowned in your words
I have left my confusion to a cynical world
I am throwing myself at things i don't
Understand
Discover enlightenment holding your hand

You are
So Beautiful
