

# Savatage, Lady In Disguise

She's not what she seems  
A vision in my dreams  
Face to face, she does appear quite strange  
But I want her, I need her  
Forever, I want to be with her  
She's got my heart and my soul  
I look beyond her crystal eyes,  
The lady of a thousand smiles  
I walk the endless mile

Ooh, lady in disguise You're keeper of the sky  
Ooh, lady - lady in disguise

I've been searchin' for a lady like you  
Searching my whole life through  
The mystery she holds, I need to know  
I'll find you someday,  
Our paths, I'm sure, will cross  
Are you the woman I can trust?  
I look beyond her crystal eyes,  
The lady of a thousand smiles  
I walk the endless mile

Ooh, lady in disguise You're keeper of the skies  
And Ooh, lady - lady in disguise

Oooh, lady, oooh Lady - lady - lady in disguise Oooh, lady - oooh, lady  
Lady in disguise Oh, lady - oh, oh Lady - lady - lady in disguise Oh, oh -  
oh! Lady in disguise Oooh, lady - lady - oh! Lady in disguise Oh. . .
