

# Savatage, Midas Knight

riding the night  
on his solid gold steed  
ready to battle  
and answer his need  
computerized man  
a digital clone  
thing from the past  
his origin unknown

midas knight  
midas knight

standing alone  
facing the world  
bright crimson banner  
he unfurls  
trespassing force  
soul armored in black  
soldiers of Satan  
on the attack  
a pass of his lance  
a slash of his sword  
go to your knees  
must bow to the Lord

midas knight  
he rides from the sun  
midas knight  
he rides for the one  
midas knight  
midas knight  
once a prisoner in hell  
now he's gone  
midas knight  
rides from the sun  
midas knight fade out
