

# Savatage, Savatage- Not What You See

No life so short it can't turn around  
You can't spend your life living underground  
Far from above you don't hear a sound

And I'm out here - waiting  
I don't understand what you want me to be  
It's the dark you're hating  
It's not who I am, but I know that it's all that you see

No life so short that it never learns  
No flame so small that it never burns  
No page so sure that it never turns

And I'm out here - waiting  
I don't understand what you want me to be  
It's the dark you're hating  
It's not who I am, but I know that it's all that you see

Can you live your life in a day?  
Putting every moment in play?  
Never hear a word that they say as the wheels go around?  
Tell me if you win would it show?  
In a thousand years who would know?  
As a million lives come and go on the same piece of ground

I've been waiting  
I don't understand what you want me to be  
It's the dark you're hating  
It's not who I am, but it is what you see

Tell me would you really want to  
See me leave this night without you?  
Don't you ever look about you?  
Wandering where we might be  
New York is so far away now  
Tokio, Berlin and Moscow  
Only dreams from here, but somehow  
One day that world we will see

I don't understand ( 8x )

I swear on tomorrow if you take this chance  
Our lives are this moment, the music, the dance  
And here in this labyrinth of lost mysteries  
I close my eyes on this night  
And you're all that I see  
You're all that I see
