

Savoy, Still I'm Your Side

Maybe I can't see
All of that you hide
Mm, baby
Still I'm on your side

I can't really know
For without a sound you smile
Mm, baby
Still I'm on your side

Should I step away
Should I bow out now
And go about my day
What would happen here
If I ran my fingers
Gently through her hair

Maybe I can't be
The one that makes it right
Mm, baby
Still I'm on your side
