

# Saybia, Snake Tongued Beast

Lose your mind, lose it twice  
Endless wind, and lying eyes  
Reveal yourself, and run your face against the wall  
I will not fail; I will not silently give in  
Take a chance, take it twice  
Catch your dream, succeed in life  
Become a star, and lose yourself in fantasies  
I will not fail, I will not silently give in  
I will burn, and I'll learn, from the thorns in my eyes  
I'll rewind, and I'll find, my on way to the sky  
I will learn to get by, but I'll never be like you  
Snake tongued beast, with leech morals  
selling dreams, where nightmares are lurking  
Collect and claim, the art that never grew in you  
I will not fail, I will not silently give in  
I will burn, and I'll learn, from the thorns in my eyes  
I'll rewind, and I'll find, my on way to the sky  
I will learn to get by, but I'll never be like you  
(you talk, you talk you talk, you talk...)  
I will burn, and I'll learn, from the thorns in my eyes  
I'll rewind, and I'll find, my on way to the sky  
I will learn to get by, but I'll never be like you  
(Until the sun begins to shine, until the Universe is mine  
Until the whole world's watching me, until I am what I can't be  
Will be, will be)
