

Saybia, Soul United

United nations
Divided countries
With hidden frailties
Good intensions

Tell me what does it take
To bring back sanity? (ooh, you)
Tell me what can I do (ooh)
To bring back me and you? (ooh yeah, c'mon)

Stayed together
Through stormy weather
Still divided
But soul united

Tell me what does it take
To bring back sanity? (ooh)
Tell me what can I do (ooh)
To bring back me and you? (ooh)

Tell me what does it take
To bring back sanity? (ooh)
Tell me what can I do
To bring back me and you? (ooh)

Tell me what can I do
To bring back me and you?
What can I do
To bring back sanity?
Me and you
