

# Scapegoat, Euphoria

Bathed in moon light  
this water on your skin makes you beautiful tonight  
and I'm drawn in  
by the reflection in your eyes

But what I feel I forfeit when I pretend you're right  
because everything in your wish is my will too  
but it's an itch I cannot reach  
that underlying fear that with you in my life  
I will never be but a  
dove...  
with no wings...  
I fall...  
from your tree...

And you don't know  
please don't leave me alone  
for I will love you more  
more and more each day

So reach for me  
just reach for me

And I don't know  
what had me at first  
it must have been your smile  
or that look in your eyes  
so go...  
and burn me again...  
but just know...  
that I might not be here...  
waiting...

And you don't know  
please don't leave me alone  
for I will love you more  
more and more each day

Oh hurt,  
it seems we were meant to be  
oh pain,  
you are my soul mate

Why can't I just be happy  
why can't I just be free  
happy and free

Because you're my love  
and I am hooked  
so hear my cry  
and kiss me today
