

Scaterd Few, Life Bleeds Out

Life becomes a lie when life becomes a plan to fall back on
And once you know the lies you've lived does life bleed out
Does life bleed out the situations any man can fall back on
And once the situation gives does life bleed out does life bleed out

Life bleeds out when God is gone
Life bleeds out when God is gone
Life bleeds out when God is gone

Life becomes a curse when life is lived outside the master plan
And once you know the curse you've lived your life bleeds out
Your life bleeds out the situations every man should understand
And as the situations give your life bleeds out your life bleeds out

Life is nothing more than lies when life is lived outside the gift
And once you know the gift is Christ your life bleeds out
Your life bleeds out contaminations every man is infected with
And as infections start to give your life bleeds out your life bleeds out

Life bleeds out when Man is gone
Life bleeds out when Man is gone
Life bleeds out when Man is gone
Life bleeds out when Man is gone
