

Scaterd Few, Once Upon...

I recall an age of mortals birghter than the sun
How they led astray the League of Skels
Where a Scaterd Few had gone

In the Year of Pleanty the Sorrow Sentry
Awoke the Slumber King
While a tribe of God sent Humans
bred some native son to sing

"Thou herein lies, the One, despised, the serum bring
Drink till your eyes, deteriorized, begin to gleam
Amha'aretz-acharit hayamin
Amha'aretz-acharit hayamin."

So the Story Grows
The Wise of Old
Make peace with Slumber King

And as the borders threaten
The Cloamour Hammer awakens from his dream
Feeling alienation in an Alien Nation
The Sorrow Sentry flee
Leaving GSH to clean the mess
Only you and I could leave

Crush a bleeding heart is still the only start
Then maybe we'll see His love for you and me
Try to overstand the great and master plan
You and I can be free like a honey bee

Leave us guessing
Whats a Slumber King
Clamour Hammer who
One two buckle my shoe
