

Scaterd Few, Only

He's the only facination capturing my heart
He's the only transformation taken from the start
He's the only motivation rooted in my mind
He's the only revelation shining through my eyes

Jesus - Jesus - Jesus - Jesus

He's the only facination capturing my heart
He's the only transformation taken from the start
He's the only motivation rooted in my mind
He's the only revelation shining through my eyes

Jesus - Jesus - Jesus - Jesus

He's the only friend you have that will see you through the day
All he wants is to take you by the hand
He's the only friend you need that will see you all the way
All he wants is to help you understand

Jesus - Jesus - Jesus - Jesus
