

Scaterd Few, Self

God is right

Say your prayers if you believe in sect religions
Who put their trust in men and not Yaweh
With tongues they make incisions
The hard-core don't take the stench away

Understand that who you are when you're sitting by yourself
Is the you you need to sacrifice and not somebody's else

Take a walk and try to find a meaning
Behind this cout de etat of Yeshua's way
Wanna get out there's a sign post up ahead
Sterling street have to start all over again

Understand that who you are when you're sitting by yourself
Is the you you need to sacrifice and not somebody's else

God is right

And you're wrong
