

# Scaterd Few, Wonder Why

Street stalker under cover of night  
Paranoia carries a knife  
Shut doors that lead to in  
Better open or you'll see in the end

An unconquered few or an eternal fire  
I wonder why I try when I see you  
Reject his authority to see  
Jehovah - Shammah loves you and me

He's knocking at your door  
Don't resist him anymore

An unconquered few or an eternal fire  
I wonder why I try when I see you

Reject his authority to see  
Jehovah - Shammah loves you and me

He's knocking at your door  
Don't resist him anymore

An unconquered few or an eternal fire  
I wonder why I try when I see you
