

# Scene 23, The Greatest

da da da da da da da  
da da da da da da da  
(o ya)  
da da da da da da da (hey)  
da da da da da da da

How bout a cup of coffee  
Me and you we can meet at the caf'  
Parley while sippin cappuccinos  
If that aint u we can go hit a movie  
Here I am all jittery and nervous  
Got me feelin that im really not good at this  
In your mind I know you thinkin what im up to  
All I wanna do is try to get to know you, ooo ya ya ya

I can be the one  
You know the one you don't know you're lookin for  
You can be the spark  
To start a fire that the world's been waiting for  
The greatest love affair started with hello  
The greatest love song started with a note  
And the Monalisa we start started with a stroke  
Baby me and you could be one of those  
The greatest idea started with a thought  
If I think hard enough I can win your heart  
Cause the greatest love story that was ever told  
Could be me and you, you just never know

I've been doin all the talking  
What's up with you, can you tell me what you're thinking?  
Am I off slow down stop talking  
Take a breath do you come here often?  
I'm seein you and tomorrow is the weekend  
Do you bowl or are you up for rollerbladin'?  
Take my number, hit me up on the cell phone  
Maybe later we can finish conversating, oh

I can be the one  
You know the one you don't know you're looking for  
You can be the spark  
To start a fire that the world's been waiting for  
The greatest love affair started with hello  
The greatest love song started with a note  
And the Monalisa started with a stroke  
Baby me and you could be one of those  
The greatest idea started with a thought  
If I think hard enough I can win your heart  
Cause the greatest love story that was ever told  
Could be me and you, you just never know

Stranger things have happened  
I don't even know your name  
But I'm feeling this connection  
Tell me do you feel the same?  
We could be bigger than both of us  
At first and it has to start  
Someday people gonna look back at us as a work of art  
Da da da yeah yeah  
Da da da (what you say, come on, wah what you say)  
I can be the one  
You know the one you don't know you're looking for  
The greatest love affair started with hello  
The greatest love song started with a note  
And the Monalisa started with a stroke

Baby me and you could be one of those  
The greatest idea started with a thought  
If I think hard enough I can win your heart  
Cause the greatest love story that was ever told
