girl who loves to dream  
lives her life to the extreme with adrenaline  
never had a life  
and she plays hard through the night  
in the game of up & down

girl who longs to explore  
with the fruit down to the core  
but she wanted more yes she wanted more  
if you're gonna crash and burn  
be prepared to take your turn in the game of up & down  
yeahh up & down

your dreams will show you the way  
time will take your fears away
