

Schism, Baby, It's My Life

Is there anything I do,
That's good enough for you,
No matter how I try,
You always criticise,
The clothes I like to wear,
The colour of my hair,
From everything I say,
To the music that I play,

But I ain't gonna cry,
Cuz it's all right,
And it's OK,
Cuz I don't care,
What you say,
It's up to me what I do,
So I'll just smile,
And say "fuck you",
Cuz baby, it's my life,

You tell me that I'm dumb,
It's your idea of fun,
You like to put me down,
And say that I'm a clown,
And time and time again,
You bitch about my friends,
I hear it everyday,
I wish you'd go away,

But I ain't gonna cry,
Cuz it's all right,
And it's OK,
Cuz I don't care,
What you say,
It's up to me what I do,
So I'll just smile,
And say "fuck you",
Cuz baby, it's my life,
It's my life,
It's my life,

Is there anything I do,
That's good enough for you,
No matter how I try,
You always criticise,
The clothes I like to wear,
The colour of my hair,
From everything I say,
To the music that I play,

But I ain't gonna cry,
Cuz it's all right,
And it's OK,
Cuz I don't care,
What you say,
It's up to me what I do,
So I'll just smile,
And say "fuck you",

Cuz baby, it's all right,
And it's OK,
Cuz I don't care,
What you say,
It's up to me what I do,
So I'll just smile,

And say "fuck you",
Cuz baby, it's my life,

And baby, it's my life,
Baby it's my life,
And baby, it's my life,
Baby it's my life,
And baby, it's my life,
Baby it's my life,
And baby, it's my life,
Baby it's my life.
