

# Schizma, Screamin' For Change

What's happened to us?  
Can we no longer see  
Something's dying out  
Between you and me  
It used to be so simple  
Used to be so clear  
But you're givin' up  
Destroying our dreams  
I'm screaming for a change  
I'm still screaming for a change  
We're not walkin' a one way street  
Heart and soul the only key  
Step aside still can be real  
Individuality  
I'm screaming for a change  
I'm still screaming for a change
