

Schizma, Stand

Goin', keep it goin'
Got no time to waste
Over your bullshit ways
Get the fuck out of my face
Never been a part of this system
Dragin' me in when I wanna stay away
Why can't you just leave me alone?
Drag me in wanna get out
Bring me down gonna fight back
Knock me out wanna get up
Crush my bones still I will rise
I'm gonna still stand my ground
If you don't kill me you'll just make me stronger again
