

# Scorpions, Call of the Wild

Hear the call of the wild, girl  
The call of the wild  
I wanna spend the night, yeah  
Right by your side  
Can you read my mind, girl?  
Oh yes, I promise I  
I will treat you right, girl  
In this hot summer night

Getting lost in the jungle, babe  
In the shade of the night  
You've got the funky rhythm, girl  
I've got the rocking drive  
Hear the call of the wild, yeah  
The call of the wild  
Out for a love drive  
In this hot summer night

Just follow the night, follow the night, follow the night  
Follow the night, the call of the wild, follow the night

Tell your mom you're a good girl  
That makes the angels smile  
The moon is shining bright, yeah  
When I make you mine  
Hear the call of the wild, yeah  
The call of the wild  
It's gonna be alright, girl  
In this hot summer night

Just follow the night, follow the night, follow the night  
Follow the night into the light, follow the night  
Just follow the night, follow the night, follow the night  
Follow the night, the call of the wild, follow the night

You've got the look that is poison all the way  
I'm on my knees, I surrender to my fate  
We can run, we can hide, but it's in vain  
Because this night was made  
For the sinners and the saints  
For the sinners and the saints

Just follow the night, follow the night, follow the night  
Hear the call of the wild  
Follow the night into the light, follow the night  
The call of the wild  
Just follow the night, follow the night, follow the night  
Hear the call of the wild  
Follow the night, the call of the wild, follow the night  
The call of the wild

Wild, wild, wild, wild  
Yeah  
Hear the call of the wild  
Hear the call, hear the call, hear the call  
Hear the call of the wild  
Yeah, yeah  
Uh  
Hear the call of the wild  
Uh uh uh uh  
Oh yeah
