

Scorpions, Drifting Sun

(Ulrich Roth)

Well, I'm sitting on a stone
Sitting all alone
Daisies are rolling down the mountain
Well see the lonesome tramp
Who's living in the damp
Nobody's in the valley
Shine on, Shine on sun
Oh it's so cold right here
Shine on, Shine on sun
Shine on all night long
all night long

Baby doll, I'm sad and blue
Glossy wings will carry you
Well, midnight sun will never shine
These ravings of a fool
You're thinking all about him all the time
Shine on, Shine on sun
Oh it's so cold right here
Shine on, Shine on sun
Shine on all night long, all night long
all night long, yeah

One day baby told you sun just fades away
Forgot your life is fading, now he's in the grave
Some days like drifting haze
Some days like glowing blaze
Some days like tides of light
Some days like tides of night

One day baby told you sun just fades away
Forgot your life is fading, now he's in the grave
Some days like drifting haze
Some days like glowing blaze
Some days like tides of light
Some days like tides of night

Travelling along a tropic highway
Crazy as the world goes round and round
Hallowed heaven, night or day
Burning thing has putting the sun away
Shine on, Shine on sun
Let it shine on all night long
Shine on, Shine on sun
Let it shine on all night long
