

Scorpions, In Your Park

(Rudolf Schenker, Klaus Meine)

In the night there is
A gentle voice of silence
So low and quiet
She'll catch me 'cos I've been longing.

I want to walk in your park
Cos I'm alone,
I want to walk in your heart
Where are you? I don't know ...

I look around and see
The sunshine in the morning.
(Shadows in the night
Like angels by your side in the alley ...)

On my journey I change the time,
Leave everything behind me.
(Shadows in the night
Like angels by your side in the alley ...)

I want to walk in your park
Cos I'm alone,
I want to walk in your heart
Where are you? I don't know ...

Let me walk, let me walk in your heart!
