

# Scorpions, Kiss Or Borrowed Time

Leaves are falling from the trees  
More than anything I want to be  
Close to you back in your arms  
That's where I'm still in love  
Don't say a word just wait  
As the bell we ring across the street we know  
Those memories never go  
Leaves are falling from the sky  
Why don't we give it just another try  
When the winter comes along  
The shadows will be gone  
The ice will melt away  
Cause in front of the big old fireplace is warm  
Oooh, welcome home  
Let me take you back again  
To our love it's gotta be  
For you and me  
Another day another chance  
Only love will kill the pain  
It hurts so deep  
Don't waste a moment of your life  
Cause it's just a kiss of borrowed time  
Let me take you back again  
To our love it's gotta be  
For you and me  
Another day another chance  
Only love will kill the pain  
It hurts so deep  
And we take that one  
Just another sec of borrowed time
