

Scorpions, Skywriter

(Music: Rudolf Schenker; Lyrics: Klaus Meine)

You have got a body to
To make a man just lose his mind
To give me a shiver send it down to my spine
It's all because of
You have got a body to
To bring a man down on his knees
Just let me inside don't leave me begging please
Don't ever go
Everybody knows
That I'm under the spell of your love
Got nothing but you on my mind
That's the way it goes
It's no wonder you're tearing my heart
Simply in pieces tonight
You have got a body to
To make a man just sell his soul
Right to the devil I think after all
I should have known
Everybody knows
That I'm under the spell of your love
Got nothing but you on my mind
Everybody knows
And I wonder if you know it too
I skywrite your name way up high
In the sky in the sky in the sky
To bring a man down on his knees
Just let me inside don't leave me begging please
Don't ever go
Everybody knows
That I'm under the spell of your love
Got nothing but you on my mind
That's the way it goes
It's no wonder you're tearing my heart
Simply in pieces tonight
Everybody knows
That I'm under the spell of your love
Got nothing but you on my mind
Everybody knows
And I wonder if you know it too
I skywrite your name way up high
In the sky in the sky in the sky
