

Scorpions, Time Will Call Your Name

(Music: Rudolf Schenker, Lyrics: Klaus Meine)

They're days that make you fly
They're days you wanna cry
Sometimes the walls come tumbling down
They're moments in the dark
When pain just floods your heart
And you surrender one more time

Just take a walk out in the rain
With every drop that falls
You know the sun will shine again

They're days you're naturally high
They're days you wanna die
Sometimes your world goes down in flames
They're moments deep in love
But when it breaks your heart
You just surrender one more time

Just take a walk out in the rain
With every step you make
You learn that life means constant change

Tomorrow's all that counts
As life goes round 'n round
You gotta draw the line
Goodbye yesterday
Tomorrow's all that counts
As life goes round 'n round
And if you keep the faith
Time will call your name

Take a walk out in the rain
With every breath you take
You feel your soul is free again

Tomorrow's all that counts
As life goes round 'n round
You gotta draw the line
Goodbye yesterday
Tomorrow's all that counts
As life goes round 'n round
And if you keep the faith
Time will call your name
Tomorrow's all that counts
As life goes round 'n round
You gotta draw the line
Goodbye yesterday
Tomorrow's all that counts
As life goes round 'n round
And if you keep the faith
Time will call your name
