

# Scott Krippayne, Life

Ever since You stepped into my life  
You are wonderful to me  
Every time I open up my eyes  
Your beauty is all I see  
More then I could ever comprehend

(chorus)

I'll always be amazed at You and who You are  
I love the way You take and heal my broken heart  
I need You every day and night  
You are life, You are life

Lord, You know I don't deserve it  
But You're merciful to me  
Even though I did not earn it  
Your grace still covers me  
Everywhere I've been and everywhere I'll go

chorus

You are life, You are life  
I could not breathe without You  
You are life, You are life  
My world revolves around You

chorus
