

Scott Walker, This Way Mary

This way Mary, come Mary
Share the world with me
Make this moment our moment
And our memories

This way Mary, come Mary
Let me warm your heart
Take this love I bring you
And then let forever start

This way Mary, come Mary
While the sun is high
Make this summer the summer
That refuse to die

This way Mary, run Mary
Our love had to be
So take my hand
And walk this way with me

This way Mary, come Mary
Our love has to be
So take my hand
And walk this way with me
