## Scott Walker, When You See Her

When you see her, you'Il know what I mean. When you see her she's more than a dream. She's my heaven, my paradise of love.

When you see her, she's just my ideal, she's too lovely, to truly be real. She's a wonder, my paradise of love

And I know, when we're alone, hey I'm so happy that she's my own. Her smile is warm as May, and I hope to say, we'Il wed one day.

When you see her, you'Il know what I mean. When you see her, she's more than a dream. She's my heaven, my paradise of love. My paradise of love. My paradise of love.
