

Scotty Don't, Refugee

Don't let that stray swingin' fist go and bat ya down
Don't let them grab you by the wrist and swing you around
We've been given our share of days
So lets part our separate ways
And maybe if you change yours up I'll see you around

Cause I'm just a refugee
Of the way my life used to be
And I'm just a refugee
And it's time this world starts listenin' to me

Oh our battling out there has just begun
And there's no way of finding out now if we've won
But I got a feelin'
Yes I got a feelin'
Either way we're gonna make it on the run

Cause I'm just a refugee
Of the way my life used to be
And I'm just a refugee
And it's time this world starts listenin' to me

As the days go by all this time just flies right over my skin
If I fight today I might be okay to do it over again
If I break and fall
If I lose it all
If I'm left for dead
I can free myself
And know that no one else
Can change what's in my head

Cause I'm just a refugee
Of the way my life used to be
And I'm just a refugee
And it's time this world starts listenin' to me
