

Screaming Monkey Boner, Evil

See no evil, feel no pain, can't wash the blood off, inside
your veins,
Feel no evil peel away the skin, expose the elements, outside
turned in

Speak no evil, words are sin, now it's your turn, to just
give in,
Hear no evil, silent scream, sickly pleasure, not what it
seems,
(chorus)
Evil, beyond compare, no feelings, stone cold stare.
