

# Screeching Weasel, Degenerate (Ben Weasel)

In your beady eyes I don't make the scene Well your right if being part of  
your teenage soap opera's what you mean Degenerate degenerate Encapsulated  
with all the other creeps In another lame quest to be this month's kings of  
the shitheap I've got a life and I know you're having fun But I can't take  
part 'cause I can't go back when the game is done Reality dosen't mean a  
f\*\*king thing out here in candyland It's all about street creds dropping  
names sucking up and shaking hands I never knew which way to go but I know  
that way id for the chumps Go back to church and school and work and leave  
this degenerate alone
