

# Screeching Weasel, Dummy Up

They want the truth, but they keep on drawing blanks  
Dummy up, dummy up, up  
They torture you, you're not giving up the facts  
Dummy up, dummy up, up  
(Chorus) They can't make you tell the truth, tell the truth  
They can't tell you what to do, what to do  
Keep it mum, when they ask if you're a spy  
Dummy up, dummy up, up  
Hold your tongue, when they say you're FBI  
Dummy up, dummy up, up  
(Chorus) They can't make you tell the truth, tell the truth  
They can't tell your what to do, what to do  
Keep it zipped, when they ask for microfilm  
Dummy up, dummy up, up  
Plead the fifth, you'll be out of there real soon  
Dummy, dummy up, up  
(Chorus) They can't make you tell the truth, tell the truth  
They can't tell you what to do, what to do (x2)  
Dummy up, dummy up, up (4)
