

Screeching Weasel, My Song

Don't want to ruin your whole day
But there's just something I got to say
You got to understand it's hard
Everyday it tears me apart

Don't want to lose you
Don't want to lose you
Don't want to lose you to another guy

I sit inside my room all night
I think about you all the time
Don't know what's wrong but I'm confused
Why am I scared of losing you?

Don't want to lose you
Don't want to lose you
Don't want to lose you to another guy

I sit inside my room all night
I think about you all the time
Don't know what's wrong but I'm confused
Why am I scared of losing you?

Don't want to lose you
Don't want to lose you
Don't want to lose you to another guy
To another guy
