

# Screeching Weasel, Police Insanity

Another cop another gun  
Another way to end me fun  
Another fucking powergame  
Hate the law enforcement name  
Black and white and gold and blue  
My good time is a job for you

Do you enjoy the fear you cause  
By pulling out your book of laws  
Without me you would have no job  
Your full of shit you macho cop  
Installing paranoia in  
So called protected citizens

Another badge a riot stick  
Another chance to get your kicks  
Sworn to serve and to protect  
Don't ever ask for my respect  
Got picked on when you were a kid  
Don't take it out on me you dick!

Police Insanity don't take it out on me (X2)
