## Screeching Weasel, Police Insantity

Another cop another gun Another way to end me fun Another fucking powergame Hate the law enforcement name Black and white and gold and blue My good time is a job for you

Do you enjoy the fear you cause By pulling out your book of laws Without me you would have no job Your full of shit you macho cop Installing paranoia in So called protected citizens

Another badge a riot stick
Another chance to get your kicks
Sworn to serve and to protect
Don't ever ask for my respect
Got picked on when you were a kid
Don't take it out on me you dick!

Police Insanity don't take it out on me (X2)
