

Screeching Weasel, Something Wrong

Another night another town another gig
Another day of Freddy asking what the frig?
Another stupid girl
Another fucked up little world
Now I'm out of cigarettes

Another 15 hour drive through nowhereland
Another 27 bucks into the van
Another stupid world
Another fucked up little girl
And I've been up all night again

There must be something wrong with us 3x
(break)
There must be something wrong with us 3x
