

Screw! Stew, Off The Ground

Say you've got something more, something great
Something that'll take you off the floor
If you feel all that great,
then you're the one who's got the take
So if it fits your chance,
take the dance and make sure you'll glance
You never know just what they'll say
and maybe they will make you lame

You got me in your mind,
Take it or i'll kill you
You think that you're so fine,
They won't forgive you
I know you'll change your mind,
'Cause i know your motives
I know so much you're kind,
Standing off the ground

What you'll get when you're going my way

So when you say that you're the best they'll see,
You're screwing with my friends and me
I'm not saying you don't have talent,
i just know when that you don't have it
So if this sounds pretentious you never got the fucking message
'Cause in the end all i'm saying is all you show offs go away

You got me in your mind,
Take it or i'll kill you
You think that you're so fine,
They won't forgive you
I know you'll change your mind,
'Cause i know your motives
I know so much you're kind,
Standing off the ground

Keep going going higher im a gay

What you'll get when you're going my way
