

Scritti Politti, Don't Work That Hard

I need love for the power got to understand
I need love for the power got the upper hand
I need love for the power use it oh so fast
I need love for the power love'll never last

And I don't work that hard not for love
Drowning in my teardrops
And I don't work that hard not for love
Drowning in my teardrops

Oh I'll be good want you so much
give me the word wrap it for love
Oh I'll be true oh I love you so much
give me the word and I'll honour and obey

I submit for approval got to understand
I submit for approval got the upper hand
I submit for approval use it oh so fast
I submit for approval n'love'll never last

I got a piece for the wicked use it oh so fast
I got a piece for the wicked love'll never last

I'm gonna work that hard oh for love
Even in my teardrops
I'm gonna work that hard oh for love
Even in my teardrops
