

Seabound, Coward

Turn around...
Don't be so stupid to believe
In what they say
Rest assured of that
They'll get you out of the way

Don't be so stupid to believe
In what you hear
Rest assured of that
They know no fear

How many sinners do you know like this?
Out of their minds

How many cowards do you know like this?
Out of their minds
No will to move

They'll get you
Out of the way

How many sinners do you know like this?

They'll get you
Out of the way
Rest assured of that
They'll get you out of the way
