

# Seabound, Traitor

Back-stabbing shammer  
You took me by surprise  
You fooled me twice

Blank-faced scammer  
Choke on your lies  
I phantasize  
I realize...

I hate you

Traitor

Here's to friends  
Allies in the game  
You're all the same

Well laid plans  
Toxin in my heart  
Tear me apart

I hate you

Traitor

Scum, vassal, Trojan whore  
You can't reach me anymore  
Scum, vassal, Trojan whore  
You can't hurt me anymore
