

# Sean Dowdell and His Friends, Kill the Flies

Well get away get away turn your head and pray that  
I am not enough for you  
Well I don't mind it's a sign and it's mine for  
A while so what you think you're gonna do  
Why can't i fear what i feel when i feel  
When i'm down on the ground looking back at you  
Look to the sky it's a spy yeah spy and it's  
Looking for something deep inside your mind  
So eat away eat away eat away and say it's O.K.  
I ain't got nothing to lose  
Why can't i fear what i feel when i feel  
When i'm down on the ground looking back at you  
Don't matter anyway - yeah cause all I gotta say  
Kill the flies, kill the flies, yeah yeah  
Kill the flies, yeah, yeah  
Why can't i see yeah see what's in front of me  
Tumbled naked on the bathroom floor  
Kill the flies yeah kill the flies cause their stupid whores  
Though I keep coming back for more  
Why can't i fear what i feel when i feel  
When i'm down on the ground looking back at you  
Don't matter anyway - yeah cause all I gotta say  
Kill the flies, kill the flies, yeah yeah  
Kill the flies, yeah, yeah  
Why can't i fear what i feel when i feel  
When i'm down on the ground looking back at you
