Dead Meat

Dont you know youre dead meat

You just messed with the wrong team

better not try and fall asleep now yeah

Youd better run out of here

Ill close my eyes and count to ten

then Ill come find you yeah

(Youre gonna)

Get what you deserve

gonna get what you deserve

In the end youre gonna learn

all you get what you deserve

Too much

now you know too much

only one choice you leave for us

who you think theyll believe

us or you yeah

hope you realise this isnt a game

you know the price so pay up

or your life could be chaos yeah yeah yeah

(Youre gonna)

Get what you deserve

gonna get what you deserve

In the end youre gonna learn

all you get what you deserve
