

# Search The City, Detroit Was Built On Secrets

It's a shame we'll never let this see the light of day  
but don't be afraid, your secret's safe with me  
and only Heaven knows how far we'll go to keep them on their toes  
and don't you dare be scared with sins to bare,  
cause this is who we are

i'll be the reason you're wrong,  
but i don't want to be the reason they find you out  
somebodys got it in for you so don't make a sound  
don't make a sound, don't let them get the best of you,  
the best of you  
they'll sink their teeth in if you let them catch you.

and if these streets could talk them i'd know just what they'd say  
"you're wreckless at best but you got carried away,  
you got carried away"  
we can really be some devils  
and these stories have a way of telling themselves  
and we done raising hell?  
this time we'll keep the best ones for ourselves

i'll be the reason you're wrong,  
but i don't want to be the reason they find you out  
somebodys got it in for you so don't make a sound  
don't make a sound, don't let them get the best of you,  
the best of you  
they'll sink their teeth in if you let them catch you.

this city was built on secrets,  
it's where all the good ones come from  
you must have missed me,  
cause you don't have a thing to say everytime i go away  
so this is what we're up against in this city of secrets

oh my God, forgive me for who i'm not  
we all steal looks when we can, driving by the accident,  
but we never stop

i'll be the reason you're wrong,  
but i don't want to be the reason they find you out  
somebodys got it in for you so don't make a sound  
don't make a sound, don't let them get the best of you,  
the best of you  
they'll sink their teeth in if you let them catch you.
