Sebadoh, Everybody's Been Burned

Everybody has been burned before; everybody knows the pain
Anyone in this place can tell you to your face
Why you shouldn't try to love someone
Everybody knows it never works
Everybody knows and me
We know that door shuts just before you get to the dream you see
I know I know all too well, how to turn and how to run
How to hide behind a bitter lie with blue
But you die inside when you choose to hide
So I guess instead I'll love you
I love you
I love you
