

# Sebastian Deyle, Melody Of Life

Thinking of you there's music on my mind  
And I'm sure I've found a way  
So much to tell you, but words are hard to find  
And so I wrote this song to say

I will be your melody of life  
Can't you see the love grow in my eyes  
Wherever life will take you, I'll be there  
I will be the star you see at night  
In a world of darkness, I'm your light  
I'll guide you through eternity  
Forever and a day, on my own side  
As your melody of life

I'm thinking of you got your voice inside my heart  
Feeling closer every day  
Cause you're my angel,  
I loved you from the start  
There's only one thing left to say

I will be your melody of life  
Can't you see the love grow in my eyes  
Wherever life will take you, I'll be there  
I will be the star you see at night  
In a world of darkness, I'm your light  
I'll guide you through eternity  
Forever and a day I'm by your side

If the world should fall apart, I'll stand by you  
And  
from the bottom of my heart  
I wanna say again, again

I will be your melody of life  
Can't you see the love grow in my eyes  
Wherever life will take you, I'll be there  
I will be the star you see at night  
In a world of darkness, I'm your light  
I'll guide you through eternity  
Forever I'll be there

I will be your melody of life  
Can't you see the love grow in my eyes  
Wherever life will take you, I'll be there  
I will be the star you see at night  
In a world of darkness, I'm your light  
I'll guide you through eternity  
Forever and a day, on my own side  
As your melody of life
