

Sebastian Rutkowski, Used (feat. Tz)

If gave you one last chance would you learn to change your ways,
Step inside and if it's right we can turn the past away,
See, I don't believe it's at an end you and me we've come so far,
Take a look in your heart and we can make a brand new start

'Cuz my heart is breaking,
It's my love you're playing,
And my mind aint thinking right
My love seems wasted,
'Cuz each time it's taken
It's used (used, used) used (used, used)

Sit down and we'll talk it over, what am I to you?
Just a guy for when you're down,
Someone you can run back to
See, I don't believe it's at an end you and me we've come so far,
Take a look in your heart and we can make a brand new start,

'Cuz my heart is breaking,
It's my love you're playing,
And my mind aint thinking right
My love seems wasted,
'Cuz each time it's taken
It's used (used, used) used (used, used)

And I've tried moving on
But it just don't feel right when I'm without you
Girl you were my number one
But illl be better off without you

'Cuz my heart is breaking,
It's my love you're playing,
And my mind aint thinking right
My love seems wasted,
'Cuz each time it's taken
It's used (used, used) used (used, used)
