

Sebastien Grainger & The Mountains, Ways To C

Will shame drive you home
Will fame make you whole
I don't know
I don't know

Is there love
Where you go
Are there ways
To come home
If you've been gone too long

I can tell you 'yes'
'There are'
It's like skipping class
For a week
Just come back
And you'll see

I was there
Where you rose
It was like a dream
We all shared
But you've gone too long

And when you come down oh
