

# Second Coming, Tonight

Enter the scene  
The curtain is drawn  
Everything is beautiful  
From here on  
I have never tasted  
Success quite like this

Moment of truth  
My soul is for you  
I got much more than I'm supposed to  
I am the goodnight king  
I am here to take you there

Tonight  
All my dreams for you tonight  
Tonight  
All that breaths

Under the silver moon that flies  
I get a kiss  
Before the evening dies  
Everything is out of sight  
And all they say, they say  
Yeah, yeah, yeah

Under the silver moon that flies  
I get a kiss  
Before the evening dies  
Everything is out of sight

And all they say, they say  
Yeah, yeah, yeah
