

# Secondhand Serenade, Take Me With You

Forgive me if I seem forward,  
But I've never been in front of anything like you,  
It's the last place I thought I'd be when I woke up this morning,  
Is it true that you are always this part-taking,  
And you're smart and you're willing,  
And your calmness is killing me,

Send me all the things you never said,  
We can lie here and talk for hours in my bed,  
I don't have anything to hide,  
I don't have anything everything is not for certain,  
I don't have anything to hide,  
I don't have anything everything is not for certain,

You started to see right through me,  
And I'm loving every minute of it,  
It's like I'm born again every time I breathe in so,  
And the beauty is my favorite color's blue,  
And I like to sing in the shower,  
If you like I'll sing to you,

Send me all the things you never said,  
We can lie here and talk for hours in my bed,  
I don't have anything to hide,  
I don't have anything everything is not for certain,  
I don't have anything to hide,  
I don't have anything everything is not for certain,

Tell me all of your hopes,  
All of your dreams,  
I want you to take me there (take me there),  
Tell me all of your hopes,  
I want to take you there (take you there),  
Tell me everything,  
Every breath,  
I want you to know I'll be there (know I'll be there),  
Let just one more thing,  
One request,  
I want you to take me with you,

Take me with you,  
I will never let you down,  
I will love you now and forever (now and forever),  
[Repeat 5x]
