

See Spot Run, Can't Forget You Baby

Ce Soir Paris just you and me
Think about the love in the art gallery
High atop the Eiffel tower
Bed of roses you're my flower

Can't forget you baby
Can't forget the love you gave me

Hidden in the darkness of the daylight
Lovin' and kissin' will make it alright
Rainy Christmas day in dead city
Draggin' luggage down the Champs de l'Elysee

Won't forget you baby

Won't forget the love you gave me

Sunk my battleship on a scrap of paper
Gimme ice cream with a chocolate flavour
Maybe we can make it all last forever
If we just spend the night together

Don't forget me baby
Don't forget the love you gave me

Can't forget you baby
Can't forget the love you gave me
