

Seeds, Out Of The Question

(Sky Saxon/Daryl Hooper/Jan Savage)

I'm now a man

But why did it take me oh so long

I'm now a man

My mind's floating out toward the sky

This old world always shows me something new

Everytime, girl, I'm with you

I'm now a man

I'm now a man

MY mind's running away wivwith the wind

And each new day I find more rainbows we can play

Don't you find it hard? To keep your feelings in your backyard

I'm now a man

I'm now a man

Well, I want to know what you do

When you're away, away from me

Well I want to know if you feel that way, too

The way that I love you

I'm now a man

I'm now a man

I'm now a man

My world I painted blue over grey

And I have a magic crayon box

going out and paint out the silver locks

I'm now a man, I'm now a man

Feeling so good inside

And you made me a man

Just to be by your side

I'm now a man,

Oh, now a man

Just the way I walk with you

JUst the way that you talk, too

I'm now a man

Oh, now a man
